Rules of the Road....

- All participants must be registered before mileage may be recorded. Register at the health fair or online at: www.dpcwellness.org.
- NEW participants may purchase a pedometer for \$10. **
- Each tenth (.10) of a mile **traveled on foot** will equal 1 mile on the Route. *This includes walking, jogging, and running.*
- One minute of other activity equals one mile on the route, but may ONLY be counted if performed continuously for 29 minutes.
- To reach the end of Route 66 by the deadline, participants need to average 29 miles on Route 66 each day.
For example: Run/Walk 2.9 miles = 29 miles on Route 66; 29 minutes of swimming = 29 miles on Route 66.
- **Activities "on foot" do not need to be performed for 29 minutes continuously. Use a pedometer to accumulate distance during the day or travel on a marked-distance route such as the County Walking Trails. Most people can complete a 1 mile lap during lunch (10 miles on Route 66).**
- Mileage must be recorded using the Route 66 Log Sheets and submitted to Julie Fulton. Deadline to submit mileage is 5 pm on Tuesday, August 23rd.
